

## 50 YEARS OF DEVELOPING AIRPLANES AND LEARNING SYSTEMS THAT HELP MAKE YOU A BETTER PILOT.

Flying is an ongoing educational experience, with new challenges as well as new opportunities at every level. Recognizing this, we at Beech have always developed airplanes and systems that simplify the learning process. All in an effort to make you a better, safer pilot.

### THE BEECHCRAFT SKIPPER

Two-place trainer	
Maximum speed:	106 kts/122 mph
Cruise speed (@ 65%):	97 kts/112 mph
Cruise range (@ 65%):	369 nm/425 sm
Service ceiling:	12,900 ft.
Standard useful load:	577 lbs.

## 50 YEARS OF TEMPERING TECHNOLOGY WITH CAREFUL HAND CRAFTSMANSHIP.

Even though the design and manufacture of Beechcrafts are at the very forefront of technology, each and every airplane is still "hand crafted." Fitted, formed and shaped to our timeless standard of quality.

THE BEECHCRAFT:	SUNDOWNER	SIERRA
Four-place singles	Fixed-gear	Retractable-gear
Maximum speed:	128 kts/147 mph	145 kts/167 mph
Cruise speed (@ 75%):	124 kts/143 mph	137 kts/158 mph
Cruise range (@ 75%):	564 nm/649 sm	646 nm/744 sm
Service ceiling:	12,600 ft.	15,385 ft.
Standard useful load:	961 lbs.	1,064 lbs.

## 50 YEARS OF IMPROVING EVERY AIRPLANE WE BUILD, EVERY CHANCE WE CAN.

Beech Aircraft is committed to product refinement. Not change for change's sake, but tangible improvements in performance, speed, handling, range and capacity. Every design, even the legendary Bonanza, is ceaselessly scrutinized.

### THE BEECHCRAFT BONANZA B36TC

<i>Turbocharged, six-place single</i>	
Maximum speed:	213 kts/245 mph
Cruise speed (@ 75%):	189 kts/218 mph
Cruise range (@ 75%):	959 nm/1,104 sm
Service ceiling:	Above 25,000 ft.
Standard useful load:	1,528 lbs.

## 50 YEARS OF GIVING YOU YOUR CHOICE OF AIRPLANES, NOT OURS.

We at Beech Aircraft don't think you should have to compromise your needs to the characteristics and capabilities of an airplane. Not when we can provide you with sufficient options to literally customize a Beechcraft.

### THE BEECHCRAFT BONANZA A36

<i>Six-place single</i>	
Maximum speed:	179 kts/206 mph
Cruise speed (@ 75%):	168 kts/193 mph
Cruise range (@ 75%):	697 nm/802 sm
Service ceiling:	16,600 ft.
Standard useful load:	1,417 lbs.

## 50 YEARS OF CEASELESS REFINEMENT.

In 1947, when the first post-war Beechcraft was unveiled, it was quickly recognized as the finest single engine airplane in the world. Now, more than 35 years later, even though only a few parts are the same as the original, the legend lives on.

### THE BEECHCRAFT BONANZA V35B

Four-six place single	
Maximum speed:	182 kts/209 mph
Cruise speed (@ 75%):	172 kts/198 mph
Cruise range (@ 75%):	716 nm/824 sm
Service ceiling:	17,858 ft.
Standard useful load:	1,302 lbs.

## 50 YEARS OF PROVIDING FOR YOUR PERSONAL COMFORT.

The very first Beechcraft was designed for unequalled passenger comfort. Walter H. Beech insisted on that. Today we can add to your comfort with spacious cabins, air conditioning, super soundproofing, and appointments of virtually any color, texture and material you desire.

### THE BEECHCRAFT BONANZA F33A

Four-six place single	
Maximum speed:	182 kts/209 mph
Cruise speed (@ 75%):	172 kts/198 mph
Cruise range (@ 75%):	716 nm/824 sm
Service ceiling:	17,858 ft.
Standard useful load:	1,287 lbs.
